**Subject:** Significant Issues with the draft PH FS

Hello Kristine -

Attached is a memo highlighting some significant concerns regarding the Portland Harbor draft Feasibility Study. I suggest meeting in person to discuss these concerns in more detail. I respect the fact that you are busy and will have no time prior to the release of the conceptual remedy, so I propose meeting after the release of the conceptual remedy document. Would a meeting on September 22nd work for your schedule?

Also, the LWG has determined that they will not funding Yakama Nation's work on the development of the proposed plan or ROD since these activities are not part of the AOC. I would like to discuss this issue with EPA, but I am unsure if this discussion would be with you, Cami Grandinetti, or Rick Albright. Your guidance on who I should contact would be greatly appreciated.

Thank you,

rose
